

Derek Masterson  
Product Sales Manager  
Crown Iron Works Co.  
Minneapolis, MN USA

Derek earned a Bachelor's of Science in Chemical Engineering (BSCHE) degree from the University of Minnesota.

After receiving his BSCHE, Derek entered the fats and oils industry with Crown Iron Works in 1995. Over the last 15 years, Derek has been a part of various sales departments within Crown including edible oils and fats, oleochemicals, and biodiesel.

Crown Iron Works provides engineering and equipment for the preparation, extraction and refining of oilseeds, and oleochemical processes such as methyl ester transesterification (biodiesel) and glycerin refining.
