

Richard W. Ozer, PE  
Product Sales Manager  
Crown Iron Works Co.  
Minneapolis, MN USA

Richard received his Bachelor Degree in Mechanical Engineering from Drexel University in Philadelphia. Prior to coming to Crown in 1997, Richard was involved in the Design, Marketing, & Sales of Dryers for the Chemical, Food, Nutraceutical, and alternate fuels Marketplace for over 20 years.

Since coming to Crown, Richard has been involved in Specialty Products Division whose objective is to extend Crown's existing core technologies such as Extraction, Desolventization, and Evaporation to new industries such as Soy Proteins, Nutraceuticals, and alternate sources of Biofuels. Over the past 5 years, Richard has been working with alternative sources of oil for Biodiesel such as Algae, DDGS, Jatropha.

Crown Iron Works provides engineering and equipment for the preparation, extraction and refining of oilseeds, and oleochemical processes such as methyl ester transesterification (biodiesel) and glycerin refining.
