Health Law Webinar—Electronic Health Record: Contracting and Data Security

Event

01.10.2018

Online

Cost: Free

Hosted By: Fredrikson's Health Law Group

The world of medical records is mostly an electronic one, and along with those records systems come complicated contracts and data security worries. Briar and Steve will discuss some of the most important contracting issues, ways that your organization can protect itself from some of the most common problems, and tactics to be as safe as possible in the electronic world.

This presentation is available to view by scrolling to the Event Materials section.

Accreditation

We have applied for Continuing Legal Education (CLE) credit for this program in Iowa and Minnesota. Please contact Greta Larson at glarson@fredlaw.com if you are an attorney licensed in another state and would like information about obtaining CLE accreditation. We have also applied for Health Care Compliance Association (HCCA) credits. Webinar participants will be notified of accreditation upon program approval of CLE and HCCA credits (typically three or four weeks following the webinar).
