Health Law Webinar—HIPAA: Direct Training for Health Care Workforce

Event

06.10.2020

Online

Cost: Free

Hosted By: Fredrikson's Health Law Group

While the Office for Civil Rights has allowed some temporary flexibility in light of COVID-19, HIPAA compliance remains vital for every health care organization. This webinar offered basic HIPAA training for a health care workforce. It may be used as a direct training session for employees or as a "train-the-trainer" session. The slides, live webinar and recording can be used for a covered entity's own training program. We discussed the Privacy Rule, Security Rule and Breach Notification Rule.
