Event

12.10.2014

Online

Cost: Free

Hosted By: Fredrikson's Health Law Group

It's the time of year when new rules come out and the OIG releases its work plan. This webinar will focus on the regulatory and policy issues most likely to affect hospitals and clinics. Please note that while we will discuss possible economic implications of regulatory changes, including possible ramifications of the increasing scrutiny of provider-based clinics, we will not attempt to analyze any specific codes or describe RVU changes.
