Overview

On July 12, 2023, our attorneys discussed the many considerations (and myths) surrounding ancillary services. Ancillary services, particularly diagnostic tests, tend to be particularly highly regulated. Whether it is Stark limits on how to divide designated health services revenue, Medicare's diagnostic test supervision requirement, the so-called (and misnamed) 72 hour rule applied to diagnostic tests performed by an entity owned or operated by a hospital or state law, there are plethora of provisions to consider.

Continuing Education

Live webcast participants should have received an email following the program with continuing education details.

Platform Details

This webcast is held using ON24. Read more about the minimum system requirements here. This webcast has closed captioning available.
