The Woman's Club of Minneapolis

Hosted By: Fredrikson's Counsel for Women

You're invited to join Fredrikson for its next Opportunity to Lead Event: *Women Making Change — How to Approach Becoming a "Value-Add" Leader and Community Member.*

This event will highlight dynamic Minneapolis women at the top of their game. These women are not just bringing economic value to their organizations (although they are doing just that) but are also shaping the future of our community. Hear lessons about how to think about building your career to demonstrate economic value in your organization and how to use that value to create positive change.
