Fredrikson has called Minnesota home since it began serving clients in 1948. Located in downtown Minneapolis, Fredrikson is at the center of Minnesota's vibrant business community. Our firm has grown along with the community, from three attorneys in a state with a population of just under 3 million people, to 350 attorneys in a state of nearly 5 million people today.

Attorneys in our Minneapolis office practice across all of our service and industry areas including banking, corporate, employment, healthcare, intellectual property, international, litigation, real estate, securities and tax. We serve a broad range of clients, including multinational corporations, public companies, privately-held businesses, entrepreneurs, government agencies and family businesses. Our attorneys also work with individuals on estate planning, family law and immigration matters.
